Dedication

To Mrs. Newton, who is beloved among us not only for her understanding, untiring effort, for her patience in teaching Senior English (and for enduring many of us for four years), but also for her high ideals and sincerity, we, the Senior Class of Loretto High School, sincerely dedicate this Mustang of 1965.

Our Principal

To the Class of 1965:

The motto of your class, "Every man is the architect of his own future," is fitting and inspirational not only to you but to each of us. The plans and blue prints we draw here at LHS will help to determine the style of life we live.

Mrs. Pattie Putman, secretary, helps Mr. Chapman with his work.

Mr. Chapman stays informed . . .

. . . and he's good at odd jobs, too.

1.2 The Concept of Representative Government. A third, vitally important concept brought to America in English ships was that of representative government. For centuries there had been developing in England the
